

Guidelines for the audience

Please:

- Do not interrupt during the first 10 minutes.
- After that, stick to brief clarification questions.
- Wait until Q&A for substantive questions, ideas, your opinions, etc.

[The above two rules will be modified accordingly if the presenter wishes a different format]

- During Q&A, raise your hand to the moderator.
- The moderator will balance questions from different disciplines.
- Limit back-and-forth exchanges in order to leave time for others.
- If you already asked a question or commented, allow a bit of time for others to participate too.
